Aggregate Storage Volume Threshold: When stored with substances of the same hazard the aggregate quantity must be considered. Refer to NZS8409 Management of Agrichemicals and the HSNO Regulations for full details

Location Certificate NA	Hazardous Atmosphere Zone NA	No. of Fire Extinguishers NA	Hazard Class & Emergency 10,000L	Emergency Information 1,000L	Emergency Plan 1,000L	Secondary Containment 1,000L
DO NOT store or load with: Class 1 Explosives. Food items			Segregate from: Class 1 Explosives. Class 5.1 Oxidising Agents, Class 5.2 Organic peroxides			

EMERGENCY PROCEDURES FOR EMERGENCY ADVICE CALL (0508) 299299

IF THIS HAPPENS	DO THIS
Tanker/Vehicle Accident	Switch off engine and electrical equipment. Keep people away, warn other traffic. Call the emergency services on 111.
Spill or leak	Use appropriate protective clothing and equipment. Large spills: dike and pump as much as possible to a salvage container. Absorb remaining liquid and any smaller spills with clay, sand or other absorbent material and sweep to a waste container. Cover the spill area with water and absorb residue. Spills may be slippery and should be cleaned up promptly. Prevent runoff reaching drains. Refer to the product label or local authority for waste disposal advice.
Fire	Call the Fire Service on 111. Heating may cause expansion/decomposition leading to rupture of containers. If safe to do so, remove containers from path of fire. Cool heated containers with water spray. Vapours of heated material may be toxic. Use self-contained breathing apparatus. Fire Fighting Instructions: Use water spray, fog, dry chemical foam or CO2. Note that addition of water may cause excessive foaming. Do not allow contaminated extinguisher runoff to enter drains.

FIRST AID

If swallowed	DO NOT induce vomiting. For advice contact a doctor or the National Poisons Centre on 0800 POISON (0800 764766).
If in eyes	Hold eyelids apart and flush continuously with running water for at least 15 minutes. Get medical attention.
If on skin	Remove contaminated clothing, flush skin with running water. Do not scrub skin.
If inhaled	Ill-effects are unlikely. Remove affected person to fresh air. Get medical attention for any symptoms that develop.

HAZARDOUS GOODS DECLARATION

Number and type of packages:	Gross Weight	Volume:
Consignor:	Consignee:	

Dangerous Goods Declaration: I hereby declare that the contents of the consignment are accurately described above by the proper shipping name and are classified, packaged and identified according to the national rules, regulations and legislation applicable to the transport of this substance.
