

Gibb-Gro WETTER

**Use as a spray tank additive for improved penetration and uptake of Gibb-Gro gibberellic acid and herbicides.
Reduces rain risk.**

Gibb-Gro Wetter

DIRECTIONS FOR USE (Read Label Before Use)

Use as a spray tank additive to improve uptake and reduce rain risk. Provides maximum benefit when spraying in marginal growth conditions. When using with Gibb-Gro Gibberellic acid use 25ml/100ml of Gibb-Gro Wetter per 100L of spray. Spray 100-200L/ha. When using with herbicide is 100ml/100L water unless a higher rate of use is recommended. Add when the spray tank is 90% full to reduce foaming.

Not to be used on food crops.

HAZARDS

9.1A (H410). Very toxic to aquatic life with long-lasting effects.

PRECAUTIONS

Keep out of eyes; wear eye protections. Avoid contact with skin or clothing, Avoid breathing spray mist. Avoid release to the environment.

DISPOSAL OF CONTAINER

Triple rinse empty container and add residue to spray tank. Burn container if wind direction permits, otherwise bury in landfill. Do not recycle or put out with domestic rubbish.

FIRST AID

Contact with eyes: Rinse with running clean water for 15 minutes. Seek medical attention.

IF INHALED: Remove to fresh air and keep at rest in a position comfortable for breathing.

IF SWALLOWED: Give two glasses of water. Induce vomiting. Seek medical attention.

Skin Contact: Wash well with clean water. Remove and wash affected clothing.
